Government in their orders cited above sanctioned the continuance of the additional compounder in the L.F.Hospital, Yemmiganur for a period of two years from 7th May 1946. From the perusal of the statistics of patients treated as given below*, it is seen that the No. of out patients and impatients is on the increase year after year up to the end of 1947. The District Medical Officer, Bellary is of opinion that the services of the additional Compounder are essential for efficient management of the Hospital. I, therefore request that Government may be pleased to accord sanction the additional Compounder permanently. I am continuing the services of the Compounder in anticipation of Government sanction.
